

UNITED STATES DISTRICT COURT
NORTHERN DISTRICT OF CALIFORNIA

IN RE: CATHODE RAY TUBE (CRT)
ANTITRUST LITIGATION

MDL No. 1917

Case No. 07-cv-05944-JST

This order relates to:

**ORDER REQUIRING REVISED
PROPOSED CASE SCHEDULE**

ALL INDIRECT PURCHASER ACTIONS

Re: ECF No. 6121

The Court has reviewed the parties' stipulated case schedule, ECF No. 6121, and finds it would be prudent to set a schedule for briefing and hearing *Daubert* motions before any dispositive motions are filed. Accordingly, the parties shall meet and confer to discuss a revised proposed schedule that includes separate schedules for *Daubert* and dispositive motions, with no less than eight weeks between the proposed hearing date on *Daubert* motions and the proposed filing deadline for dispositive motions. This schedule might require continuing the trial date. Alternatively, if the parties have already concluded that they will not file any *Daubert* motions, they may file a joint statement to that effect.

IT IS SO ORDERED.
